About BSR

Our mission is clear: We work with business to create a just and sustainable world.

Leading the Way

A leader in corporate responsibility since 1992, BSR works with its global network of more than 250 member companies to develop sustainable business strategies and solutions through consulting, research, and cross-sector collaboration.

With six offices in Asia, Europe, and North America, BSR uses its expertise in the environment, human rights, economic development, and governance and accountability to guide global companies toward creating a just and sustainable world.

How We Work

How Does BSR Help Companies Succeed in a Changing World?

We see new possibilities.

BSR shows companies how to create opportunities from global challenges, derive value from sustainability, and maintain competitive advantage while benefiting the world.

We keep good company.

When your company joins BSR, you'll gain access to a powerful network of companies, as well as our other partners—all focused on creating viable sustainability solutions.

We take solutions to scale.

BSR leads member companies in working groups and grant-supported initiatives that enable collective action, resulting in comprehensive, lasting solutions that make a global impact.

We deliver results.

For nearly two decades, BSR has been working in boardrooms, communities, and factories in more than 70 countries to achieve results that go beyond traditional business outcomes.

About BSR

Our Services

BSR provides the following services, adapting them to the needs of each industry:

- Sustainability Strategy & Integration
- Sustainable Supply Chain Management
- Environmental Assessment & Strategy
- Community Engagement
- Human Rights Assessment & Strategy
- Reporting & Communications
- Materiality Analysis
- Stakeholder Engagement

Our Impact

- » In preparation for **Visa's** IPO, we advised the company on how to build a corporate responsibility strategy aligned with its business.
- » BSR helped Germany-based software and services provider **SAP** create its first two sustainability reports, as well as a human rights approach that fits the company's business model, and innovative online tools for stakeholder engagement.
- » BSR worked with agricultural processor **ADM** to make its supply chain for soy, palm oil, and corn more sustainable.
- » Funded by the **David and Lucile Packard Foundation**, BSR's HERproject unites **Levi's, HP, Timberland**, and other companies in improving female factory workers' health—boosting productivity, lowering turnover, and reducing absenteeism.
- » For **Shell**, BSR engaged communities in the United States to advance the company's wind energy projects.
- » We helped **China Mobile**, the world's largest telecommunications operator, develop several corporate responsibility reports—and become the first mainland Chinese company listed on the Dow Jones Sustainability Index.

BSR Conference

We bring together over 1,200 participants from nearly 50 countries at the annual BSR Conference—ranked by Forbes.com as one of the top 12 executive gatherings for 2009.

Research & Innovation

Because anticipating the future means moving beyond business as usual, BSR combines research, trend-spotting, and insights to help companies develop resilient business strategies. Our deep industry knowledge is married with technical expertise in the core areas critical to the future of business: the environment, economic development, human rights, and governance and accountability.
