

How Can Your Company Prepare for TNFD?

STEPS

HOW BSR CAN HELP

1

Understand the Taskforce on Nature-related Financial Disclosures' core concepts and recommendations.

TNFD Learning Session

- Help company stakeholders understand the TNFD
- Establish shared foundation of key concepts

2

Explore industry trends, best practices, and your company's position against peers.

TNFD Benchmark

- Conduct a review of peer and market-leading companies
- Score company against chosen peers across requirements
- Provide insight on your company's market positioning, best industry practices and market opportunities

3

Determine ability to meet TNFD requirements.

TNFD Gap Assessment

- Determine ability to meet TNFD requirements
- Review company's current nature disclosures, strategy, processes, and implementation strategy
- Analyze assessment results, flagging where the company already has sufficient data and where gaps remain
- Identify actions needed to meet disclosure requirements

4

Capitalize on strengths, address gaps, and seize potential leadership opportunities.

Recommendations

- Share results and guidance on implementation strategy
